

## RUSSIA-JAPAN TREATIES MADE

Commerce and Navigation and  
Fisheries Pacts Concluded

### POST WAR NEGOTIATIONS

Negotiation of Two Important Treaties  
About Concludes Settlements Between  
Russia and Japan Arising Out  
of the Late War.

Washington, Oct. 29.—The state department has received copies of a treaty of commerce and navigation and the fisheries treaty recently negotiated between Japan and Russia, which were ratified by these two powers on Sept. 7 last. The treaty of commerce and navigation is based on an article of the treaty of Portsmouth, which ended the war between Japan and Russia. The new treaty follows closely the one in force before the recent war, and provides for most-favored nation treatment instead of a tariff, for liberty of residence and travel, the ownership of personal property, for equal rights before the courts with the subjects of the country; the transmission of personal property which may be legally held; for liberty of conscience and the burning of the dead and the most-favored nation treatment as to the ownership of land. The treaty of commerce and navigation will go into effect two months after ratifications are exchanged, and will expire in 1911, if denounced by either party one year earlier.

The fisheries treaty will remain in force for twelve years and gives the Japanese the right to engage in fishing and to take and prepare all kinds of fish and marine products, except fur-bearing seals and sea otter, along the coast of the sea of Japan and of Okhotsk and Behring seas. Japanese subject will have all the rights that the Russian fishermen enjoy in regard to the fisheries. The Japanese government agrees not to levy duty upon any fish taken in the Maritime and Amur provinces and imported into Japan.

### SHE WANTED TO DIE.

Mrs. Nora Fillmore of Rutland Drank  
Lysol, But Will Live.

Rutland, Oct. 29.—Mrs. Nora Fillmore tried to kill herself in her room in the Brunswick house Sunday morning by swallowing a quantity of Lysol, a poisonous drug much used as an antiseptic wash. Two physicians arrived in time to save her life, and she is reported to be out of danger.

Mrs. Fillmore is the young woman over whom a stabbing affray occurred on Grove street a few months ago. "Jack" Moore, the man who was stabbed at that time, also has a room in the Brunswick hotel. He was, apparently, the first person to learn of Mrs. Fillmore's act, for he was seen to dash wildly down the stairs and up the street to Dr. Keldie's office.

It could not be learned why Mrs. Fillmore wished to kill herself. Mrs. Harrison, who runs the hotel, could throw no light on the matter.

known as Sarsapilla. 100 doses \$1.  
Nasal and other local forms of catarrh  
are promptly relieved by Antiseptics or  
Catarrh, 50c. Druggists or mail.  
C. L. Hood Co., Lowell, Mass.

### READS RICHES IN HER

PALM AND WEDS HER.

Gypsy Fortune Teller Proposes on the  
Spot After Seeing Promise of  
Fortune.

Mt. Carmel, Ill., Oct. 29.—Reading a story of promise fortune in the palm of Miss Blanche Cleveland's hand, Allie Cooper, a gypsy fortune teller, immediately proposed, and was accepted, and the two were married less than half an hour later.

Cooper's fine physique, flashing black eyes, jet black tangles, fervent and fastidious speech appealed to the romantic ideas of Miss Cleveland, and she accepted him without hesitation.

"My wife's palms revealed stories of wealth to me that will rival the riches of this fellow Rockefeller," says Cooper. "I was the first to discover her wonderful future, and by the right of discovery I claimed her as my wife. I loved her from the moment she stepped into my tent at the fair grounds. Some day we will live in a great palace. Her palms tell me that our lives will be one of continual happiness."

The bride is a beautiful and charming girl, 18 years of age. Her parents are among the most prominent of White County.

From early childhood she has been popular in the community and the young men for miles around here vied with each other in paying her attention.

The relatives of the bride were at first incensed and humiliated at what they termed a "foolish" marriage.

### MOVE AGAINST GOMPERTS.

Effort Being Made to Depose Him as  
Head of Federation of Labor.

New York, Oct. 29.—A conference of executive officers of the American Federation of Labor was held Sunday at the Hotel Victoria to settle disputes between unions so as to have a clean slate when the convention of the American Federation of Labor opens on Nov. 11. President Gompers presided. A fight will be made in the convention to knock out the re-election of President Gompers and the present members of the executive council.

There is a feeling that there should be a new blood among the executive officers. The action of President Gompers and the executive council in suspending the United Brewery Workers of America for ignoring an order to surrender jurisdiction over the engineers, firemen, cooper and drivers in the United Brewery Workers is resented by several, especially by the unions with German members.

Meetings have been held by several unions which are in sympathy with the brewery workers and they have formed a league to demand a reinstatement of the United Brewery Workers. With the exception of one term, Gompers has been president of the federation for twenty years.

### PETITBONE TRIAL NOV. 18.

Lawyers Working on Case—Defendant  
Ill, But Recovering.

Boise, Ida., Oct. 29.—The lawyers are working on the case of George A. Pettibone, who, with Charles H. Moyer and William D. Haywood, was charged with conspiring to bring about the death of ex-Governor Steunenberg of Idaho. Pettibone was taken up for trial on Nov. 18. Pettibone, who has been in prison at Boise for nearly two years in connection with the charge, has been very ill, but is now recovering, and will be ready to take his place in the court room on the date set for the trial.

### "PORTO RICAN LAW SUPREME."

Bonaparte's Opinion in Matter of Dis-  
bursements.

San Juan, P. R., Oct. 29.—With reference to the controversy between the federal and Insular authorities, Mr. Bonaparte, Winthrop cable to Governor Fust that Secretary Bonaparte holds that the federal district court must conform with the insular laws in the matter of disbursements. District Judge Rodney has not yet been notified of this decision. The indications are that the affair will not be allowed to rest there.

### MARRIAGE AT VERGENNES.

Blanche Hester Mines Bride of Earle P.  
Carney of Rutland.

Vergennes, Oct. 29.—Miss Blanche Hester Mines, one of Vergennes' most popular young women, and Earle P. Carney, manager of the Trudel Drug store in Rutland, were married at St. Peter's church yesterday at 10 o'clock by Rev. L. A. Vesina. The ceremony took place inside the altar rail and the ring service was used. The young couple entered the church as Mendelssohn's wedding march was being played. Dr. Edward Pilon of Vergennes presided at the organ. Charles McDewitt of Proctor and Walter Middlebrook of Vergennes were the ushers. Only relatives and intimate friends of the contracting parties attended the wedding.

### Parents Were Vindicated.

Morrisville, Oct. 29.—State's Attorney Tracy has received report from the state laboratory concerning the examination of vision from the body of the infant child of Mr. E. C. Moore, the death of which occurred under alleged suspicious circumstances at Pleasant Valley, Elmore, on Sept. 16. The report in effect states that while traces of mercury were found, they were no more than might have been administered professionally by the attending physician, as various remedial agents in common use would respond similarly to the tests.

The attending physician's statement regarding medicines given the child accounts for all the poison found in the body. The mother has been discharged from custody.

To Cure a Cold in One Day  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

### CASES ARE ABANDONED.

Indictments in The Telephone Company  
Proceedings Not Pressed.

Boston, Oct. 29.—The criminal proceedings against a number of state and city officials and the New England Telephone and Telegraph company for alleged violation of a recent statute forbidding the soliciting by such officials of positions on public service corporations, came to an end yesterday with the not pressing of all the indictments returned at a special sitting of the grand jury.

Individual indictments were found against State Senators E. J. Briggs and E. J. McLeod, Aldermen James M. Curley and John E. Baldwin, Representative D. J. McDonald and former Representative F. J. Gethro. An indictment of 40 counts was also found against the telephone company. The trial of the cases was put in the hands of Assistant District Attorney Dwyer, to dispose of them as he pleased. He decided yesterday to not press all for various reasons, but principally because he has doubts as to the constitutionality of the law and also because the violations, he says, were slight and that most of those who were taken into the employ of the company have since been discharged.

The grand jury investigation of the charges against the officials and the telephone company occupied nearly ten days and the indictments returned created a sensation.

### POSTOFFICE SAFE WRECKED.

Bold Burglars Exchange Shots With  
Doctor and Wife.

Avon, Mass., Oct. 29.—With a daring that has spread terror in small towns throughout this section, professional safe blowers wrecked the postoffice safe at Avon early yesterday, with two blows of a nitroglycerine.

When discovered and fired upon by Dr. H. A. Elliot, who, with his wife, saw the burglars at work from their home nearby, they stood in the road and exchanged shots.

"I saw you; we'll be over there," standing in the dim light of the public square, where he was on guard, one of the gang, a tall, athletic fellow, who was giving orders to the men inside, shouted this reply to the shots fired at him by Dr. Elliot, who with his wife bravely held their place in a window not over 500 feet from where the burglars were at work, and were fired at by the robbers.

It was not until the man in command of the safe blowing gang, Dr. H. A. Elliot, telephoned an alarm to his fellow townsmen that the burglars deserted their job, being unable to get into the inside box of the safe. They secured but a few pennies for their work.

### MAY PEPPER FAILS TO QUASH CASE OF LARCENY

Justice Aspinwall Refuses Habeas Cor-  
pus, Saying Complaint Is Sufficient  
to Hold Her.

New York, Oct. 29.—"Bishop" May Ann Seannell Pepper-Vanderbilt, the high priestess of the Spiritualistic church of Brooklyn, has failed in her efforts to have the larceny case against her quashed through habeas corpus proceedings. Supreme Court Justice Aspinwall decided yesterday that Mrs. Pepper-Vanderbilt is not entitled to the writ.

"In my judgment the evidence," Justice Aspinwall said, "is sufficient to sustain the complaint against the defendant. The object of the complaint in this case raises only a question of technical pleading and does not go to the merits. The gist of the complaint is full, shown in the evidence now before me, and while it may be unskillfully written, yet I am of the opinion that it contains sufficient to hold the defendant. Writ dismissed."

Mrs. Pepper-Vanderbilt is out on bail of \$1,000.

Under Justice Aspinwall's decision, she has the option of demanding an examination in the police court or of waiving the examination and furnishing bail, pending the action of the grand jury. It is said she will pursue the latter course.

### MAID'S WIT SAVES MISTRESS' LIFE.

Robber With Pistol at Her Head Fright-  
ened Away by the Girl's Brave  
Action.

New York, Oct. 29.—The quick wit and ready aid of a maid probably saved the life yesterday of Mrs. Carrie Bodkin, the pretty young wife of Charles K. Bodkin, a traveling salesman, of 1321 Bedford avenue, Brooklyn. Mrs. Bodkin was aroused by her three-year-old daughter's screams just in time to see a lusty negro entering her apartment. Seizing her by the throat, and pressing a pistol at her head, he demanded her jewels.

Mrs. Bodkin was too frightened to cry out, but her servant, Hilda Waters, had heard the daughter's screams, and hastened from the rear room to her mistress' aid.

The maid's unexpected entrance discomfited the would-be robber, and he fled, revolver and all, leaving the jewels intact.

### RAYMOND HITCHCOCK ARRESTED.

Actor Arraigned on Charges Preferred By  
Children's Society Agents.

New York, Oct. 29.—Raymond Hitchcock, one of the best known American actors and now the star comedian in "A Yankee Tourist," at the Astor theatre, was yesterday afternoon arrested on a serious charge made by agents of the Children's Society as guardians of Eliza Voeder, twelve years old. Mr. Hitchcock and his wife drove in from their home at Great Neck yesterday in an automobile and at the Astor theatre Hitchcock was served with a summons which called him to the office of the District Attorney in the criminal courts building at once.

On reaching the corridor outside of the district attorney's office, Hitchcock was met by Assistant Superintendent Thomas More of the Children's Society, who is a state officer, and who placed him under arrest.

Hitchcock was taken immediately down stairs to the Central street police court where he was arraigned.

Hitchcock is also accused by Ella Von Hagan, fifteen years old and Flora Washington, thirteen.

## A HOME MADE BLOOD REMEDY

Prescription Should be Kept  
in Household

### BLOOD MUST BE PURE

This Makes the Kidneys Filter Poisons  
from the Blood—Mix It Yourself—  
Don't Cost Much, Acts Gently  
and Cleans the Blood.

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood," prints in a recent issue the following: "Fluid Extract of Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime."

A well-known local druggist who is familiar with this prescription states that it is harmless, being composed of simple ingredients which can be obtained from any good prescription pharmacy.

It cleans the blood of all impurities and nourishes the blood. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary.

The Kargon to clean the kidneys and blood, the Sarsaparilla to make new, rich blood and Dandelion to tone the stomach, clean the liver and make it active and relieve constipation is the way the prescription acts, and so mildly and gently that one does not consider they are taking a medicine.

The Kargon to clean the kidneys and blood, the Sarsaparilla to make new, rich blood and Dandelion to tone the stomach, clean the liver and make it active and relieve constipation is the way the prescription acts, and so mildly and gently that one does not consider they are taking a medicine.

### ALFONSO RESTS IN PARIS ON WAY TO DOCTOR

Travels Incog, with Queen and Infant  
Prince, But Is Received with Royal  
Honors by President Fal-  
leres.

Paris, Oct. 29.—On his way to visit an eminent lung specialist in London, from whom he will learn the seriousness of the consumption, from which he is a victim, King Alfonso of Spain, Queen Victoria, their infant son, the prince of the Asturias, and their suites passed a few hours here yesterday.

Although traveling incognito as the duke and duchess of Covadonga, they were received with royal honors.

The crowds of people lining the streets through which the king passed gave him cordial reception.

During the afternoon, President Fallieres and King Alfonso exchanged official visits, and his majesty last evening dined with the president at the Elysee palace.

The royal party left Paris at midnight for Cherbourg where they embarked for England on board the British battleship Renown.

### TROOPS TO STOP RIOTING.

The End of the Trouble Seems Near in  
Yonkers.

Yonkers, N. Y., Oct. 29.—Yesterday was expected to see the end of the rioting which has been in progress as a result of the strike of the employees of the Union Railway company, a trolley line. With two companies of the Tenth regiment, held in Mount Vernon and White Plains, prepared for prompt response to a call for strike duty in this city, and a conference scheduled between a representative of the strikers and officials of the street railway company, it was hoped that peace might be proclaimed yesterday. If not, Sheriff Lane was prepared to summon the troops and put an end to the rioting of mobs by a firm display of military strength. The local police have been utterly unable to control the mobs of strike sympathizers which have stoned the cars and beaten the strike breakers whenever an attempt was made by the company to run cars through the streets. As a result the street car service has been suspended for several days and no cars were running yesterday. Several of the police are in the hospital recovering from the wounds received in clashes with the mob, and the remainder are worn out by extra duty. A big crowd of sympathizers with the strikers gathered about the car barns at an early hour yesterday and declared that no cars would be allowed to go out until the demands of the strikers for an increase of five cents an hour in wages had been conceded.

### FATAL FIGHT WITH SMUGGLERS.

Chief Killed, Customs Official, an Ameri-  
can, Wounded.

San Juan, P. R., Oct. 29.—Information has been received to the effect that the revenue district stationed at Duverge, in the Barahona district, on the southern coast of Santo Domingo, were attacked on Oct. 9 by a body of smugglers. The deputy collector of customs, M. Irving, a citizen of the United States, was wounded. He is not expected to recover.

The chief of the smugglers, a desperado by the name of Cutio, was killed in the encounter and the smugglers were put to flight.

## IS THERE A MILK TRUST TO HURT PRODUCER?

Mass. Railroad Board Seeks to Deter-  
mine Whether There Is a Combination  
Between Contractors,  
Carriers, Etc.

Boston, Oct. 29.—To aid them in determining whether there is "a combination between contractors, or between carriers and contractors, to control the market for the sale of milk," the railroad commission yesterday asked the different railroads operating in Massachusetts for full information covering every phase of milk transportation over their lines.

The hearing was on the petition of Worcester county producers, who are fighting the so-called "milk trust," and who ask for rates and railroad facilities that will enable them to get their milk into the Boston market in competition with the big contractors.

As a basis for this inquiry, which Chairman Jackson said was regarded by the commission as one of the greatest importance, a series of questions submitted by George Albee of Concord was adopted, and will be sent to the attorneys of the New Haven, the Boston & Maine, the Massachusetts Central, the Central Vermont and the Boston & Albany railroad companies.

These questions, in the opinion of Mr. Albee, will show "whether the railroads of the commonwealth furnish proper facilities at reasonable rates and without discrimination." The questions are to be answered Monday.

### FIRST SUIT IN BIG CANAAN DISASTER.

Arthur J. Gwin of Concord Seeks \$20,-  
000 from B. & M. for Alleged  
Injuries.

Concord, N. H., Oct. 29.—Arthur J. Gwin of this city has brought suit to recover \$20,000 from the Boston & Maine railroad for alleged injuries received in the railroad collision in Canaan on Sept. 15. This is the first action brought for damages resulting from the disaster in which 25 persons lost their lives.

The suit was filed yesterday in the Merrimack county superior court, the usual writ of attachment being issued by Gwin's attorney, John M. Stark, and is made returnable at the April term.

Gwin, who is about 25 years old, claims to have been thrown down an embankment of 30 feet and to have received injuries which involved partial paralysis and a great shock to his nervous system, incapacitating him for business. Gwin was employed by the local agency of a western beef packing industry.

### INQUIRY ON DEAD CASHIER'S BOOKS.

Boron Shot Himself, Akron Dollar Sav-  
ings Bank Closed.

Akron, Oct. 29.—The Dollar Savings bank has been closed by order of the directors until after the funeral of Fred A. Boron, the dead cashier. Investigation of his accounts is going on, and it is proposed the other banks of the city take this institution over. The clearing house will announce a policy in reference to the savings accounts of the city.

The 60-day time limit has been ordered enforced on savings divisions in all banks in the city.

Coroner Davidson announced yesterday that Boron committed suicide. He killed himself Sunday afternoon when alone in his house.

### STOLE BABY'S MONEY.

Then Thief Left a Note Saying He Was  
Sorry.

Patterson, N. J., Oct. 29.—"I have never robbed a child before, but I am not working for the good of my health, and I need the money just now. However, I am sorry to take the money, and you may take your life upon it, that if ever I have \$12.75 to spare I shall return this money."

This was the note, signed "Hard-up Burglar," which Mr. and Mrs. George Bonta found on the dining table at their home, 389 Bank street, when they came down stairs yesterday morning. An investigation was made, and it was found that the thief had taken \$20.27 in all. The bank which contained \$12.75 was the property of their three-year-old daughter.

### THE ROYAL BOX.

The khedive of Egypt's chief hobby  
is attending to his aquarium of gold-  
fish.

The Kaiser when out shooting sometimes leads a severely simple life. He has a shooting lodge near Syttkehusen made of plain boards covered with bark and hidden away in the woods.

There are two members of the royal family of Greece called Prince George. One is the son of the king and is engaged to marry Princess Marie Bonaparte. The other Prince George is a grandson of the king and younger than the fiancée of Princess Bonaparte.

Queen Louise of Denmark is extremely wealthy, for she not only inherited a large fortune from her father, but also another from her mother, Princess Louise of the Netherlands, who was one of the greatest royal heiresses of the nineteenth century. Both the king and the queen of Denmark are still very young looking, though they celebrated their silver wedding in 1894.

### COLLEGE AND SCHOOL.

In some Viennese schools a phono-  
graph which repeats speeches as rec-  
ited by eminent actors has been in-  
troduced in order to teach the pupils  
diction.

Chancellor James R. Day of the Syracuse university hopes shortly to have a college of agriculture connected with that institution. The university now has six colleges.

Thomas Henry Shevlin, a multimillionaire of Albany, N. Y. but at present engaged in the lumber business in Portland, Ore., has presented to the University of Minnesota a hall for women which cost \$20,000. The new building has been named the Alice Shevlin Hall.

## M. WITTE SEES BANKRUPTCY

Many Thrones Will Fall in Fin-  
ancial Struggle

### THE EX-PREMIER PREDICTS

Struggle That Will Unseat Kings—  
Will Result in Government Own-  
ership of Railroads in  
America.

St. Petersburg, Oct. 29.—As soon as the news of the financial stress of the New York banks reached St. Petersburg I called on Count Witte, ex-Premier and former Minister of Finance, anxious to know his views concerning how far it would effect the monetary market and stocks in Russia and the rest of Europe. He was reading the news in his home as I entered his cabinet, and stretching out his robust hand for greeting, he said:

"The financial condition of America is attracting not only my attention, but that of the politicians and financial specialists of the whole world. It is only the beginning of a new period in social life, and I feel safe to predict that it is for the American people the signal for their revolution of labor against capital."

"The financial crisis of America, either present or coming, will stir up the large masses of the middle and working classes, who are going to suffer more than any others, and violent conflicts between the capitalists and people of America will be inevitable."

"In America the struggle will mean a victory for the people and government ownership of railroads, banks and other more important institutions. In Europe the struggle will sweep the way of Democratic republics of the nations. I may still witness the beginning of those fights here."

The European governments are so deeply indebted to the people that as soon as a financial crisis will happen in European markets the bankruptcy of the governments is inevitable. Russia, of course, is one of the first among the most indebted governments."

Even wild mules didn't  
HARM BIG BILL.

Secretary Taft and Wife in Auto Have  
Narrow Escape, and Animals  
Dash by in Frenzied  
Runaway.

Baguio, Oct. 29.—Secretary Taft and wife escaped injury Sunday night from a runaway of mules, while in an automobile with Gen. Wood and Gen. Bliss.

The chauffeur, who was driving at a high rate of speed, fled, after the narrow escape of the distinguished travelers.

Secretary Taft is said to have determined on the immediate development of Baguio on a large scale.

The mule incident makes the fourth time that Taft has escaped injury while on this trip. Three times he has been in railroad accidents, but as the mules didn't harm him, it may be argued that he bears a charmed life.

### CLAIMS EXAGGERATED.

Japanese Said to Be Making Overcharges  
for Vancouver Riot.

Ottawa, Can., Oct. 29.—Word from Vancouver from Deputy Minister of Labor Mackenzie King has reached here, showing that many of the claims that the Japanese there are making on the Dominion government are grossly exaggerated. It is thought now that they may come near \$15,000 (less \$5,000, as at first mentioned). In more than one case also there has been a double charge apparently only because the claim was being made against a government instead of an individual. Mr. King is going thoroughly into every item.

### BOOTH AT CAPITAL.

Entertained at White House With Sec-  
retary Cortelyou.

Washington, D. C., Oct. 29.—The president and Mrs. Roosevelt entertained at luncheon yesterday Gen. William Booth of the Salvation Army. Commander Miss Booth, Secretary and Mrs. Cortelyou and Commissioner and Mrs. H. B. F. MacFarland of the District of Columbia.

Pittsburg, Oct. 29.—When General William Booth left Pittsburg Sunday night he intended to go to Washington to see President Roosevelt.

His condition was greatly improved, he having about recovered his usual health.

### Want It?

Ask your doctor about Ayer's non-  
alcoholic Sarsaparilla. Then you will  
know whether you want it or not.

Want a nerve tonic? - - - Ask your doctor  
Want a blood purifier
